

# MILAN SHERPA

## FRONT-END DEVELOPER

---

Sydney | 0483804772 | msherpa574@icloud.com  
<https://linkedin.com/in/milansherpa> | <https://www.sherpamilan.com>

### EXPERIENCE

#### Rebb Tech Pty Ltd , Sydney

##### Frontend Web Developer Intern

Present

- Crafted user-friendly interfaces with Figma, focusing on seamless user experiences.
- Developed dynamic front-end websites using React.js, ensuring reliable hosting on Vercel.
- Employed Firebase for efficient serverless database management, optimizing data handling.
- Applied Tailwind CSS for stylish and functional UI components.
- Collaborated seamlessly with cross-functional teams to integrate systems effectively.
- Played a key role in agile development methodologies, actively contributing to sprint planning and daily stand-ups.

### PROJECTS

#### 1. Little Lemon Restaurant Website

- Designed and implemented a user-friendly front-end UI with seamless navigation.
- Incorporated secure sign-in, sign-up authentication, and a reservation form for streamlined user interactions.
- Integrated Firebase Cloud Firestore to manage and store reservation data securely.
- Collaborated with the team to ensure smooth integration of UI components with the overall website architecture.
